

CVT Range Extender

GENERAL DESCRIPTION

The CVT Range Extender is an accessory for the ELTEL TRM-100, TRM-150, TRM-200 & the ATRM-200 Transformer Ratiometers and is intended to test the high ratios of CVTs used on High Voltage systems.

The CVT Range Extender can also be used to test the ratios of high ratio magnetic voltage transformers.

APPLICATION & OPERATION:

The CVT Range Extender performs two vital functions, namely it increases the test voltage that is applied to the test specimen to ~ 4,800 volts and it also increases the maximum ratio that can be measured on the ratiometers upto ~ 80,000 to 1.

The increase in the test voltage biases the CVT into its more linear operating region, thus a reading approaching that of operating voltage can be

obtained. The increase of the range of the maximum ratio allows one to measure CVTs such as those that would be used on 230, 345, 500 & 760 kV systems. Lower ratio CVTs, such as those used on 115 & 69 kV systems can also be tested. Increasing the operating voltage of the CVT allows one to make a measurement that are 10 or more times accurate than readings taken at normal ratiometer test voltages in the range of 40 to 120V.

SPECIFICATIONS :

Input Voltage	: 120 volts supplied from the Ratiometer.
Output Test Voltage	: 4,800 volts at 120/240 volt Input voltage conditions.
Excitation Capacity	: Suitable for exciting CVTs of up to 0.02 uF.
Ratio	: Increases the ratiometer range by 40 times.
Test Connections	: Four leads to the ratiometer; two leads to the test specimen.
Accuracy	: ±0.5% of ratio.
Dimensions	: Approx. 280x240x300 mm (lxbxh).
Weight	: Approx. 22kgs.

OTHER PRODUCTS

- * Manual & Automatic Transformer Ratio Meters.
- * Digital Micro Ohm Meters. with built in 100Amp source.
- * Manual & Automatic Transformer Winding Resistance & On Load Tap Changer Test sets.
- * Automatic CT/PT Test sets & Systems
- * Automatic & Semi Automatic HV Capacitance & Tan Delta Test sets, 10 kV Oil Test Cell.
- * Manual & Automatic Tan Delta & Resistivity Test sets for Transformer Oil, Solid Test Cell.
- * Portable LV Manual & Automatic Capacitance and Tan Delta Test sets.
